SAFA ONE is a luxury creation with an original and refined design. The project is divided into two towers of 62 and 44 floors which take shape in an environment surrounded by the greenery of the neighboring parks and artificial lakes of the prestigious Sheikh Zayed Road in Al Safa.

The futuristic architecture creates an original contrast with the natural landscapes and expanses of sand of the emirate.

The skyscrapers are created in collaboration with the De Grisogono jewelry brand from Geneva, which underlines their magnificence thanks to emerald details.

The project offers apartments of different sizes, each with its own roof garden: an ideal place from which to admire a breathtaking view.
